

Just Heavenly!

Helping you to look and feel just heavenly!

Sept.-Oct. 2015

Did you know?

5 reasons to use Goat Milk Soap!

1 — Goat's milk **delays signs of skin aging** due to its high content of alpha-hydroxy acids—which break down dead skin cell bonds, removing dead skin cells from the skin's surface. This produces new cells on the surface that appear smoother and more youthful.

2 — **Don't use a chemical counterfeit!** Water-based soaps on supermarket shelves use harsh chemical acids to break down dead skin cells. The lasting effect of chemical acids on the skin is more similar to a chemical "burn." Alpha hydroxy acids found in goat's milk, work with skin instead of breaking it down and aging it further.

3 — **Anti-inflammatory properties** found in goat's milk reduces skin inflammation due to its fat molecule content. The cream present in goat's milk is a moisturizer, soothing dry and damaged skin, possessing an anti-inflammatory effect.

4 — Goat's milk is **packed full of essential nutrients and vitamins** like vitamin D, C, B1, B6, B12, and E, that feed the skin and are absorbed into the body.

5 — **Goat's milk treats acne!** Studies show that goat's milk is effective for treating acne and skin conditions because of its anti-bacterial properties.

We at *Just Heavenly!* have received many comments from clients praising the **Oatmeal, Milk & Honey** goat milk soap we provide. Why OMH? Because that particular soap is made with double the amount of goat milk than the other fragrance soaps. Several of our clients have reported diminished acne and other skin disorders, like eczema.

What's new?

Heavenly Hues fingernail polish!

Our nail polish will be added to the website soon, AND this isn't just an ordinary nail polish! Our product is FIVE FREE—meaning that we do not include these **common toxic chemicals** found in nail polishes: Toluene, Dibutyl Phthalate (DBP), Formaldehyde, Formaldehyde Resin, and Camphor. We will continue adding colors so keep a look out!
