Passion Plum

NEW! Face Masks

Start the new year with Just Heavenly Face Masks!

Our 2 new facial masks—**Bentonite Clay** and **Kaolin Clay**—have Honey Powder, a natural antibacterial and antioxidant, so they both treat and prevent acne, and both slow down aging. They both also moisturize and sooth skin, creating a glow. But, let's get down to the nitty gritty! What are the *differences*?

Bentonite Clay face mask is a GREAT choice for oily skin because . . .

- helps sop up excess oil, or in people who have acne-prone skin.
- very effective detoxifying and absorbing impurities found on your face.
- can absorb more than its mass in water!

Kaolin Clay Face Mask is a GREAT choice for those with dry to normal skin because . . .

- it is a fine-grained clay with mild absorption properties
- it is gentle, with less liquid absorbing abilities than bentonite, making it suitable for more sensitive and dry skin. **\$7 each**

New! Moon Cake Bath Bombs

These bath bombs not only are fun to use, but they decorate your bathroom while waiting to be used! **3.50 each**
