### What's New?

#### Just Heavenly logo

Our new logo is just heavenly, don't you think?

#### Shampoo Bar!

Here's the skinny on this new and innovative way to clean your hair:

• **It's natural...**

- No detergents or harsh chemicals!
- Made with Mango Butter, coconut oil, Canola oil, castor oil, and the wonderful conditioning properties of Apple Cider Vinegar (ACV).

• **It's easy to use...**

- 1 – Lather the bar directly on your wet hair to maximize the amount of suds. (And let me tell you, our bar has a rich, thick, luxurious lather!)
- 2 – Rinse
- 3 – Follow with an **Apple Cider Vinegar rinse**. Squirt about ½ cup of your premade rinse onto hair, massaging your scalp. Leave in for a minute or two. Rinse thoroughly. Shampoo less often!

**SHAMPOO BARS**  
**3 FOR \$15**

**A SAVINGS OF \$1.50!**

**Read all about these amazing shampoo bars below.**

As you transition to a natural shampoo bar you'll find that your scalp produces less oil, (because synthetic detergents are not drying out your scalp). Less oil means you can go more days between shampooing.

#### Apple Cider Vinegar rinse:

Pre-mix 2 tablespoons of Apple Cider Vinegar into 16 ounces of tap water. Use a plastic bottle you have on hand. Keep this in the shower and ready to use!
